Diaconate Calling Tree

- The Director will call the person at the top of each column.
- When you receive the message please call the next person down on the column as soon as possible.
- If you cannot reach them, if you know they are away, or they are only home during certain seasons, please call the person listed after them to continue getting the message to everyone.
- Please remember to keep trying to reach the person listed under you on your list so they too will receive the message.
- When the last person on the list is called, the calling tree is complete.

** Please note: The director will still E-Mail those who have access to the Internet.
There was concern that not everyone was receiving the messages through E-Mail.
Thus we will use the calling tree when very important info needs to be shared.
